# Engage God's Mission: A Toolkit for the Church

"Engage God's Mission" is a resource sharing toolkit partially funded by the Conant Fund of the Episcopal Church **to share the work of many around best practices in Episcopal seminary formation for missional leadership curriculum development and incorporation of traditional Christian disciplines often used in faith rooted community organizing.**

This website is designed to contribute to strengthening theological education and formation across the Episcopal Church in fulfilling our mission to not only prepare people for pastoral and liturgical leadership, but also for leading change in congregations and communities.

Knowledge, understanding, and wisdom about the urgent leadership challenges and opportunities are enhanced by our joining together with shared purpose and commitment to the practices that we collaboratively discover best prepare people of faith for living out our baptismal covenant through faith and action.

This new website aims at ministry development with a particular focus on the theological foundations and practical application of essential practices of Christian discipleship through faith-rooted community organizing.

The resources found there build on years of work by many people who are integrating missional engagement and leadership development into seminary contextual education and curriculum. We want to share key learnings and discover best practices in conversation with other seminaries for the Episcopal Church who are doing similar work. Our hope is to foster ongoing collaboration and increasing effectiveness and innovation in the formation of clergy and congregational leadership church-wide.

We hope that the resources shared here contribute to the development of leaders in lay and ordained vocations who are learned, skilled, informed by the Word of God, and committed to the mission of the Episcopal branch of the Jesus movement in more effective, unified, sustainable and widespread ways as we continue to create a learning community and resource site together.

We would love to include your resources and ideas. Please contact the website administrator, the Rev. Kammy Young, at 904.556.1634 or [engagementmission@gmail.com](mailto:engagementmission@gmail.com) so we can upload the resources you have been developing, adapting, and experimenting with to be a part of extending God's mission for effectively increasing our capacity for transformational lay leadership and mission in the 21st century.
